

Technical Data Sheet

Q 40-590 1K Plastic Primer

Charakteristic:

40-590 is a special primer for plastic parts, such as outside mirrors, bumpers, spoilers, etc., and improves the adhesion of the following products. The added silver flakes facilitate the coating. The plastic primer is drying fast, very economical and easy to work with.

Application:

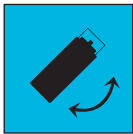

Sand and clean the surface. The surface must be dry and free of grease and dust.

Shake can for 2 minutes thoroughly. Spray distance: 10 - 15 cm. 1 spray coats (= approx. 3-5my dry layer thickness). Dust dry after 15 min, touch dry after 30-45 min. Can be overcoated after 15 min.

Turn over and spray valve empty.
